Re: COVID-19 UPDATE

Greetings family and friends of Mount Zion,

By now we are all aware of the coronavirus outbreak (COVID-19), which has become a worldwide pandemic. As children of God, we know that we do not need to live in fear, as we trust in the true and living God, who is greater than any virus.

While we lean on our faith to comfort us during this time, it is also important that we follow the advice of health care professionals, and take the necessary precautions.

As this is a rapidly changing situation, MZAC Malton is closely following each new development and government recommendations. The health and safety of our saints is our priority, and we will work to keep everyone fully informed should it become necessary to make changes to our service schedule or programs.

The following is a list of steps we can all take to better protect ourselves and those around us:

- Wash your hands frequently with soap and water for at least 20 seconds.
- Use hand sanitizers in between hand washing, but not as a replacement, as washing hands with soap and water is still most effective.
- Avoid touching your face.
- Avoid close contact with others when possible, and be mindful of your surroundings.
- Avoid going out in public when you are sick, having symptoms of fever, new or worsening cough, and shortness of breath.

If you begin to experience any symptoms, please contact the following:

Telehealth Ontario at 1-866-797-0000 or your local public health unit - publichealthontario.ca

The Lord bless and keep you.

Elder Damion Smith
Pastor
